ARMCHAIR TAMO

The high-quality Tamo range, consisting of a chair, armchair and bar stool, combines modern design with traditional craftsmanship and durable materials. The solid, handcrafted wooden frame with finger-joint connections is available in a choice of lacquered natural oak or solid ash, stained in an oak finish or black and lacquered. The black version in particular emphasises the modern character of the range and is ideal for contemporary interior concepts. The flexible yet robust seat shell made of glass-fibre-reinforced polypropylene offers excellent seating comfort and high resistance to the demands of everyday use in the hospitality industry. The bar stool features a hard-wearing footrest made of stainless steel in the natural version or powder-coated steel in the black version, ensuring additional durability.

- High-quality solid wood: Handcrafted frame with sturdy finger-joint connections
- Modern and versatile: Three product types in different wood finishes
- Robust and comfortable: Flexible seat shell made of glass-fibre-reinforced polypropylene
