UMBRELLA LUANA

The classy one: With its complete aluminum frame in an elegant wood look, combined with a natural-colored roof, the Luana parasol looks particularly classy. The pulley opening mechanism makes it easy to use. The polypropylene cover and the reinforcement of the cover at the end of each strut make the parasol robust and durable. Luana has a span of 3.0 x 3.0 meters and offers UV protection of SPF 80 in accordance with UV standard 801. The cover can be removed and washed. A 50-kilogram base with trolley function is available to match the sunshade.

- Material fully suitable for outdoor use
- Light and stable
- Extremely weather-resistant
