ARMCHAIR MILORA

The outdoor Armchair Milora is designed for the rigours of everyday hospitality use: a powder-coated aluminium frame offers high stability with low weight. The weave made of water-repellent, UV-resistant synthetic rope retains its shape even under intensive use and exposure to the elements. In the seat area, a high-quality, eye-catching cross weave creates a distinctive design feature while also enhancing seating comfort. Dirt can be wiped off quickly, making the chair particularly easy to maintain. It is stackable, saving space in storage or when quickly rearranging the terrace. The very modern, clean-lined design has a premium look and fits perfectly into contemporary outdoor concepts.

- lightweight, sturdy frame
- UV-resistant, water-repellent plastic rope
- Stackable and easy to clean
