R&B Award Gewinner "Lösung des Jahres" / R&B Award Winner "Solution of the year" / Lauréat du R&B Award "Solution de l'année"

A modular lounge furniture system that can take on a wide variety of shapes and colors thanks to multiple combination options. Thus, it can not only be optimally integrated into a wide variety of room situations, but also fulfills various requirements and functions: From relaxed waiting as an individual, to communicative exchange in a group, everything is possible. The soft shapes of the upholstered elements are intended to invite the person looking at them to sit down and snuggle up. The legs are deliberately designed in a square profile to create a small contrast to the very round shapes of the upholstery ("the well-known salt in the soup").
