ARMCHAIR SORELIA

The Sorelia lounge set consists of an armchair, a two-seater sofa and a coffee table with a glass top. The frame is made of powder-coated aluminium in anthracite. The seat and back cushions are equipped with removable and washable Striva or Liso covers. Both outdoor fabrics are ideally suited for demanding applications in gastronomy, hospitality and contract projects. The Striva fabric with maritime stripes is available in two colours and consists of 100% solution-dyed acrylic. The deeply embedded colour pigments ensure excellent UV and light fastness of 7/8 as well as long-lasting colour brilliance. In addition, Striva is resistant to chlorine and salt water, making it ideal for outdoor areas such as pool landscapes or wellness areas. The Liso fabric made of solution-dyed acrylic impresses with high light fastness, durability (20,000 abrasion cycles) and weather resistance. The water-repellent surface (1,000 mm water column) and stain protection ensure easy care. The cushions should be protected from moisture and stored completely dry.

- Suitable for demanding projects: Robust outdoor fabrics for gastronomy, hospitality and contract areas
- Maximum colour and weather resistance: Striva impresses with UV protection, light fastness and resistance to chlorine/salt water
- Easy-care & durable: Liso with stain protection, water repellency and high abrasion resistance
