ARMCHAIR ESIRA

The Esira restaurant chair with armrests is made of high-quality, fiberglass-reinforced plastic and is specially designed for intensive use in commercial settings. The material is UV-resistant and weatherproof, ensuring that the chair retains its shape and color both indoors and outdoors over time. The backrest, with its original design of horizontal lines, not only adds a modern, high-quality accent but also provides ergonomic support and high seating comfort. Thanks to its stackable design, the chair can be stored in a space-saving manner and handled efficiently, which is a clear logistical advantage, especially in the hospitality sector. Easy-to-clean surfaces allow for quick maintenance and contribute to an economical and professional operation.

- robust fiberglass-reinforced plastic frame, weather- & UV-resistant
- ergonomic design backrest
- stackable & easy to maintain
- Sturdy, weather- and UV-resistant frame
- Ergonomic design backrest
- Stackable & easy to clean
