ARMCHAIR ZAKI

The outdoor series Zaki includes an Armchair, a Lounge chair and a 2-seater lounge with a powder-coated aluminium frame. All models are stackable, easy to handle and therefore ideal for properties with frequent repositioning and limited storage space. Seats made of textile fabric and backrests made of rope weave are quick-drying and do not absorb water – perfect for continuous outdoor use. The materials are easy to maintain, UV-resistant and weatherproof, ensuring minimal maintenance requirements. This makes the series particularly suitable for hospitality, hotel and demanding contract environments with high footfall.

- lightweight and stackable
- Quick-drying seat and back
- lightweight aluminum frame
- UV-resistant and weatherproof
