This stackable Usaro chair is designed for continuous outdoor use. The powder-coated aluminium frame is weather-resistant, scratch-resistant and remains stable even under heavy use. The seat and backrest are fitted with tightly woven synthetic wicker in a natural rope look – robust, dimensionally stable and visually high-quality. The wicker does not absorb water, does not become saturated and dries quickly after rain. This makes the chair hygienic, easy to maintain and quickly ready for use again. Ideal for patios, beer gardens or cafés when durability and easy handling matter. Matching armchair available.

- easy-care, robust and lightweight powder-coated aluminium frame
- high-quality, quick-drying synthetic wicker in rope look
- stackable for easy handling
